Technical drawing showing a general plant layout (Planta General) with various features and elevations. The drawing includes a pipeline system with several segments and points of interest. Key features include:

- TANQUE DE ALMACENAMIENTO (ESC_1:125):** A storage tank located at the top left of the drawing.
- RAPIDA ESCALONADA (VER DETALLE EN PLANO XXXXXX):** A section of the pipeline with a rapid step-down, indicated by a series of vertical lines.
- BORDE SERVIDUMBRE:** A boundary line or feature along the pipeline.
- OLEODUCTO:** The main oil pipeline, shown as a thick line.
- RED DE GAS:** A gas network, shown as a thinner line.
- CERCA DE ALAMBRE:** A wire fence line, indicated by a line with 'x' marks.
- CARRETEABLE:** A road or track, shown as a wide, straight area.
- Elevations and Points:** Numerous points are marked with elevations, such as 1130.56, 1130.55, 1132.70, 1130.56, 1130.66, 1130.50, 1136.03, 1140.10, and 1136.32. Points are also labeled P(ENT2), P(ENT3), and P(ENT4).
- Distances and Slopes:** Segment lengths and slopes are provided, including L=3.79m, L=14.81m, L=45.47m, and slopes of P=0.30%, P=0.70%, and P=2.00%.
- Other Labels:** Labels like "24" PVC" and "24" P" indicate pipe specifications.
